EXTERIOR SIGNAGE: Distinctive and welcoming exterior signs reinforce your brand identity while setting the stage for a professional business environment. Monuments that make a grand architectural statement, directional markers, portable traffic signs and other important accessories...we offer countless opportunities to make your mark before your customers ever walk through your door. 1ST SIGNS will design and/or fabricate your signs with an eye to both beauty and durability. From initial consultation to installation, look to our knowledgeable staff to provide affordable permanent signage solutions. **LARGE FORMAT DIGITAL PRINTING:** Think big...really big. With a live image area measuring as wide as 63" by the length of your choice, 1ST SIGNS creates full-color backlit signs, banners or tiled murals that bring your company's unique personality vividly to life. High-resolution digital graphics (up to 1440 DPI) lend an irresistible depth and realism to walls, floors, ceilings, windows, vehicles...virtually any surface is fair game for your artwork or photo reproductions. And even when used for outdoor applications, our vibrant inks will stand up to the weather for years without fading. Of course, not all

projects demand larger-than-life solutions – we utilize the same advanced technology and attention to detail to ensure your smaller-scale signage creates big-time impact, as well. **TRADE SHOW:** Trade shows present an interesting paradox. They're dynamic environments that promise you invaluable face time with customers and qualified prospects...at the same time, they put you in close quarters with your closest competitors. 1ST SIGNS ensures you're up to the challenge with creative solutions that guarantee you'll never get lost in the crowd. From tabletop displays to kiosks to modular freestanding booths, we'll design custom, maximum-impact exhibits that generate high-traffic response. **REALTY & SITE SIGNAGE:** You've heard it a million times. Winning at real estate comes down to location, location, location...but a hot property goes nowhere unless your prospective buyers or tenants can locate it. Whatever you require – from staked yard signs to impressive entrance signage for residential or commercial developments – our team will create eye-catching, easy-to-read designs that showcase your unique property values. **VEHICLE GRAPHICS & MAGNETS:** How's this for a high-octane marketing tool – according to the

American Trucking Association, "For every mile a vehicle travels, it generates an average of 600 advertising impressions." Allow our knowledgeable staff to affordably customize every vehicle in your fleet. Whether you select easily transferable, custom-cut magnetic signs, a simple company logo or a full-color digital vehicle wrap, 1ST SIGNS will generate maximum mileage for your company's brand. **BANNERS:** By definition, a banner heralds a significant event. Be it a grand opening, red-hot sales promotion, gala celebration or outstanding achievement, 1ST SIGNS gets your message across loud and clear. We customize your choice of colors, typography and graphics or even full-color digital prints to create not-to-be-missed banners in a surprising variety of shapes, sizes and materials. And because banners typically announce time-sensitive subject matter, you can count on 1ST SIGNS for accurate and speedy service. **DIE-CUT LETTERING & DECALS:** Demand all the attention your business deserves with colorful, customized window graphics. Generate multiple brand impressions that really stick with your customers. Order eye-popping custom graphics or I.D. lettering and numerals for vehicles, boats and aircraft. With 1ST SIGNS

on your side, it's easy and economical to create precision-cut shapes, letters, decals, bumper stickers and labels with your name, your logo, your slogan or even your photo. We offer a variety of resilient materials that weather the elements beautifully. Some products you can easily affix yourself with our detailed instructions or, if you prefer, 1ST SIGNS will provide installation. **REGULATORY SIGNAGE:** You can trust 1ST SIGNS to be up to speed with federal and local regulations for exterior and interior signage. We manufacture and install signs for public spaces, commercial buildings and the workplace that are in compliance with the Americans with Disabilities Act and OSHA requirements. In addition, our 1ST SIGNS specialists will fabricate standard or site-specific traffic, parking, safety and access signage. **CUSTOM MADE:** Ideas of your own? Bring 'em on. You know your business like nobody else...and with nearly two decades of industry experience, the professionals at 1ST SIGNS have the know-how to ensure the end results exceed your expectations. Whether a single sign or a coordinated marketing campaign, we welcome the opportunity to collaborate on a truly one-of-a-kind project tailored to your exacting specifications.

YOU FIRST. That's just the kind of people we are at 1ST SIGNS: We never lose sight of the fact that we're here to serve *your* needs. Our entire staff is committed to surpassing the level of personal attention you can expect from our competitors – and we've backed up this philosophy with a track record of consistent performance. As our many returning customers will tell you, 1ST SIGNS' reputation for providing quality craftsmanship, exemplary customer service and on-time delivery has been well earned.

Dallas, Texas 75225

Dear Tim,

Thank you for giving 1st Signs the opportunity to bid on your signage needs. As per our meetings, the following proposal includes:

(A) (B) Manufacture and install (2) two sets of illuminated pan channel letter displays. Acrylic faces with 1" trim cap. 5" deep aluminum returns painted to match faces. Illuminated with neon and LED per letter color and dimension. Mounted flush to wall surface as required. Layout as per proof 08-001.

(C) Removal of existing (2) two Prudential signs on both North and South building fascias. Patch and paint (client provided).

Price: \$27,968.00 (INSTALLED)

The above proposal does not include sales tax or any applicable city permits. This proposal is contingent upon city/landlord approval and final sign specifications. 50% of the project price is due upon successful permitting by 1st Signs, with the balance due at completion. 1st Signs will establish electrical requirements and client is to provide primary power source at sign location.

Please contact me with any questions at the McDowell location or call my on my mobile, at: 480-213-1482. I look forward to working with you in the near future!

Sincerely,

Kyle Hildebrant
