New York is the most populous city in the United States and the center of the New York metropolitan area, which is one of the most populous metropolitan areas in the world. New York City has a significant impact on *global commerce, finance, media, culture, art, fashion, research, education, and entertainment*. As host of the United Nations Headquarters, it is also an important center for international affairs. The city is often referred to as New York City or the City of New York to distinguish it from the state of New York, of which it is a part.

Located on a large natural harbor on the Atlantic coast of the Northeastern United States, the city consists of five boroughs: The *Bronx, Brooklyn, Manhattan, Queens, and Staten Island*. The city's 2009 estimated population approached 8.4 million,[2] and with a land area of 305 square miles (790 km2),[3][4][5] ***New York City is the most densely populated major city in the United States***. [6] The New York metropolitan area's population is the USA's largest, estimated at 19.1 million people over 6,720 square miles (17,400 km2). The Combined Statistical Area contained 22.2 million people as of 2009 Census estimates, also the largest in the United States.

New York was founded as a commercial trading post by the Dutch in 1624. The settlement was called New Amsterdam until 1664 when the colony came under English control.[7] New York served as the capital of the United States from 1785 until 1790.[8] It has been the country's largest city since 1790.[9] As many as 800 languages are spoken in New York City, making it the most linguistically diverse city in the world.[10]

Many districts and landmarks in the city have become well known to outsiders. The Statue of Liberty greeted millions of immigrants as they came to America in the late 19th and early 20th centuries. Times Square, iconified as "*The Crossroads of the World*", is the brightly illuminated hub of the Broadway theater district, one of the world's busiest pedestrian intersections, and a major center of the world's entertainment industry. Anchored by Wall Street, in Lower Manhattan, **New York vies with London as the financial capital of the world**[11] and is home to the ***New York Stock Exchange***, the world's largest stock exchange by market capitalization of its listed companies. The original Manhattan Chinatown attracts throngs of tourists to its bustling sidewalks and retail establishments. World-class schools and universities such as Columbia University and New York University also reside in New York City. NYC NYCSE Col2

the quick brown fox jumped over the lazy dog ... or some bullcrap like that
